COUNTY HOLDS CHILD CAR SEAT CHECK

Monroe County Executive Jack Doyle today encouraged residents to attend a free Child Car Seat Safety Inspection on Saturday, September 29, 2001 at Edgerton Community Center Parking Lot, 41 Backus Street, City Northwest, from 9:30 a.m. to 12:00 p.m. to ensure child car seats are properly installed.

"It is imperative that a child's car seat be properly installed in a vehicle if it is going to protect them during an unfortunate crash," said Doyle. "Having a child car seat safety check is time well spent and may even save the life of your loved one."

"This is an excellent opportunity for parents to ensure that their children are safe when traveling in their vehicles," added Monroe County Legislator Jim Roose.

Scheduling an appointment for an inspection is recommended, however, is not required. The car, car seat and child should be brought to the checkpoint. Call 428-5622 to make an appointment.

Sponsors of this event include the Monroe County Office of Traffic Safety, and County Legislators Jim Roose and John Ferlicca.
